

DELTA

DELTA JEEP ® SkyBar™ for JEEP Wrangler JK/TJ 1997 - 2012 P/N 01-9570-6BX & 01-9572-10BX

INSTALLATION INSTRUCTION SUPPLEMENT

1. This SkyBar comes with universal billet Arms and billet Cross Bar Spacers to fit new JK Jeep Wrangler 2007-2008, as well as earlier TJ models.
2. The lower portion of the billet arm has 3 holes to accommodate either JK or TJ. Plug unused hole using plastic plug. (provided)
3. Using a rubber mallet drive the plug in, so it is flush with arm's exterior surface. Cut off the excess plastic plug on the backside of each arm. (see photo)
4. This SkyBar is equipped with 2 billet spacers to add to each side of the cross bar when installing on Wrangler JK model. (see photo)

5. Here is an optional way to connect the SkyBar with the harness without having to drill the vehicle's body to run the wires. (see photo). This step replaces step #3 in the attached Wiring Instruction for TJ's.
6. The wires leading from the waterproof connector on the SkyBar can easily be routed between door jam. (see photo)

HAPPY FOUR WHEELING!
